Organisers:

**Mr William Wong, Assistant General Manager, Laboratories, Toys & Hardlines
Intertek Testing Services HK Ltd.**

About the Speaker

William joined Intertek in 1982 as a Senior Technician and worked his way up to his present position. With more than 35 years of experience in the field, he is at the helm of our toy laboratory responsible for mechanical & physical tests, flammability tests, battery-operated toy tests, etc.

Leveraging his former experience in inspection, auditing and QA engineering in toy industry, William helps Intertek's top retail and manufacturing clients navigate the changing regulatory environment of toys and other consumer goods.

William holds an MBA from RMIT University in Australia and a Diploma in Mechanical Engineering, as well as a Professional Certificate in Child Psychology.

**Mr Johnny Wong, Senior Manager, Toys and Children's Products Department
Hong Kong Standards and Testing Centre – STC**

Mystery Box (盲盒) is not a new selling technique but it has been a hot item for the past two years. Mystery Box covers a wide range of products, but can these products meet the toy standards and enter the global markets?

About the Speaker

Mr. Johnny Wong is the Senior Manager of Toys and Children's Products Department at Hong Kong Standards and Testing Centre (STC). Established in 1963, STC serves as Hong Kong's first independent and not-for-profit Testing, Inspection and Certification organization with worldwide accreditations and a global network. Mr. Wong has been working in Testing, Inspection and Certification with the toys industry for more than 20 years. In addition, he was also well-equipped with over 10 years of experience in manufacturing a wide range of baby and children's toy products. Throughout his career, Mr. Wong has obtained various certifications in Quality Management in Laboratory and Environmental Monitoring and Auditing from NATA, HKPC, HKQAA, and HKTIC.
